

In 2002, Damien Rice self-released his debut album 'o' in Ireland. Following the initial success in Ireland, he later teamed up with management in London and 'o' went on to have a world-wide release in 2003 and sold over two million copies. Damien returned to the studio in 2006 and later that year saw the release of the second album '9'. Another extensive tour followed and '9' went on to sell a million copies worldwide. After a long hiatus, he is now back in the studio...
